

DOCK *Life*

A *Better Option* THAN THE TRADITIONAL WOODEN DOCK

Flexibility and strength allow each piece of an EZ Dock to move independently, even in rough waters or bad weather.

Our unique coupling design lets you create a residential or commercial dock to fit your specific needs. Easy to install and customizable, your EZ Dock can evolve over time as your needs change, with easily configurable products.

THE *Best Warranty* IN THE BUSINESS

EZ Dock gives you a dock that stands the test of time. But even more importantly, we stand by it long after the sale with an 10-year limited warranty that gives you as much confidence in your purchase as we have in our products. If you should need service or a warranty replacement along the way, our extensive distributor/dealer network makes that process as quick, easy, and convenient as possible.

In 1991, two water enthusiasts started EZ Dock after finding that traditional dock options just couldn't meet their needs. Our EZ Dock founders researched dock manufacturers around the world and couldn't find one that was truly designed for longtime use and for maximizing time on the water.

For over 30 years we have taken pride in our innovative solutions for your waterfront property. Enjoy the water the way you want, and we'll be here to help for the next 30 years.

TRAILS

Get to your woodlands and wetlands with a less invasive, secure system. You can easily add sections as needed or reconfigure your walkway any time you'd like.

ENVIRONMENTALLY FRIENDLY
Treated wood products can be dangerous to wildlife habitats because they deteriorate, break apart, and leave debris in the water. EZ Dock uses only safe, nontoxic materials. EZ Trail can be suspended above vegetation during periods of low water, keeping it from harming the habitat. The system is less invasive as it doesn't require a permanent foundation, allowing for healthy plant growth.

EZ PORT VXP

VALUE | XTREME | PERFORMANCE

Beige | Grey

153" (3.88m)

58 1/2" (1.48m)

The EZ Port VXP gives you real peace of mind knowing that your PWC is well-protected against the weather, waves, wakes, or sinking at the dock. It makes cleaning, maintaining, and boarding your PWC as effortless as easing it onto the port or into the water. The VXP connects seamlessly with any EZ Dock system, is compatible with all existing docks, and can be secured to the shore or lake bed without a dock. The VXP is a small PWC launch designed to accommodate virtually any brand or type of recreational and rec-lite PWC's.

OPTIMUS BOATPORT

Our newest boat port makes for hassle-free access and top-notch boat protection. The OPTIMUS BoatPort is a testament to our commitment to quality and customer satisfaction.

- **Easy Boat Access and Maintenance** With our Optimus Boat Port, maintaining your boat becomes hassle-free. Enjoy effortless access for regular maintenance, cleaning, and inspections, ensuring your vessel stays in top-notch condition.
- **Reduce Anti-foul Paint Application** The Optimus Boat Port significantly decreases the need for frequent anti-foul paint re-application, extending your boat's lifespan and preserving its value and saving you time and money in the long run.
- **Versatile Boat Compatibility** Our boat port is designed to accommodate various boats up to 7,000lbs (3175kg) in wet weight and ranging from 16' (4.87m) to 24' (7.31m) in length, allowing a perfect fit for your watercraft.
- **Effortless Entry and Exit** Enjoy a simple and easy low-angle entry and exit, making boating experiences smoother and more enjoyable.
- **Eliminate Interference for Stepped Hull Boats** Our optional Stepped Hull EZ Slide slide eliminates interference for stepped hull boats, ensuring seamless access and protection.
- **Additional Space with Side Extensions** Choose our optional 12" (30.48cm) side extensions, providing you with more walking room and flexibility around your boat.

EZ BOATPORT

Keep your boat safe from wakes and waves that can cause serious damage. Stopping marine growth that can quickly coat boats left in the water will prevent drag on the water and your wallet. Less hull maintenance like reduced scraping, sanding, pressure washing, or applying anti-foul, means more savings in the long run.

AEGIS

BOAT LIFT

The Aegis provides fast and convenient access to your boat and keeps it looking new. EZ Dock offers a complete system along with new air assist pumps in both 110 volt and solar models. Each boat lift is available with a manual control that is placed near the lift or with a remote control. The lift raises to keep the boat out of the water and free from marine growth on the hull. This lift allows you to keep your boat/investment looking brand new for years to come.

- **Custom-molded LLDPE, high-impact polyethylene tanks**
- **Above-water, hot-dipped, galvanized steel parts to prevent corrosion**
- **Highly resistant to impact and low-water damage**
- **Work with inboard, inboard/outboard or stern drive, V hulls, pontoon, tritoon, and wake boat hulls**
- **Prevents marine growth from accumulating on out drives**
- **Easy access to your boat when raised, for easy maintenance**
- **Heavy-duty hull-support system**
- **Structural-grade dock brackets with molded bumper guards**
