

The EZ Pontoon Lift offers the same convenience of our drive-on EZ BoatPort®—but it's specially designed for your pontoon. Two models are available: PL2000 for standard pontoon boats up to 2,000 lbs. and PL3500 for pontoon boats up to 3,500 lbs.

EZ PONTOON LIFT FEATURES:

- Versatile mounting options for multiple installation methods
- Durable marine-grade materials
- Modular system so you can easily expand or reconfigure your boatlift/dock by simply adding components
- Safe and easy-to-use platform design without any open areas or exposed metal
- Can be used with standard EZ Dock, traditional floating or fixed docks
- Provides stable porting in strong currents or windy conditions

PONTOON, BOAT & PWC? WITH EZ DOCK, YOU HAVE THE PERFECT PLACE FOR ALL OF THEM.
